ESOTERIC ACUPUNCTURE**

COURSE DESCRIPTION

Esoteric Acupuncture combines the Chinese Five Element Theory with the Hindu Chakra system. There will be an in-depth discussion on the acupuncture points that are related to both systems. A detailed presentation of the theory behind Esoteric Shaoyin and how to use the heart and kidney systems to harmonize imbalances will also be given.

There will be no presentation or discussion of herbs.

By the end of the course, the students and the practitioners should be able to analyze and treat imbalances of the chakras with acupuncture. They should also be able to academically discuss the energetics of the acupuncture points that were selected for use with the Chakra Balancing Patterns and the New Encoding Patterns.

Professionalism and Full and Prompt Attendance: To pass any course (separate from academic performance) all students must meet requirements for professionalism in coursework. Professionalism includes full and prompt attendance: Students who miss more than 2 class meetings in a 10-week course will earn an F in that course. Additionally, students who arrive more than 15 minutes to class or leave class before it ends will be marked tardy. Two tardies equal one absence. NOTE: Students who leave and return to class late from a break or leave during the class (especially if this is repeated) or who disrupt the class in other ways may be referred to the Academic Dean for professionalism.
